A TESTIMONIAL FOR COLLEAGUE: Dr. **Bart Tkaczyk** (ENERGIZERS),  
MA, PMSC, MBA, PhD, Fulbright Scholar (UC Berkeley)

*I recently had occasion to attend one of Bart's amazing day-long training workshops in Lublin on Business English as an observer. This was a day of high energy and high motivation for the participants; Bart has a knack of making these things look easy but I know from long experience that they are not! I had many opportunities to observe the participants during this day and can say with certainty that they were challenged, engaged, involved and interested in equal measure. Bart's friendly, professional manner keeps his workshops lively and entertaining even when he and the participants ought to be flagging! A rare talent.*
